PRESENTATIONS

GROUP VISITS AND TOURS

HAVE YOUR QUESTIONS ANSWERED

We welcome the opportunity to share our knowledge and experience in a respectful way with community groups and allied services. We are available to do this in a formal or informal setting.

You may like us to come and speak to your group wherever you meet, or you may prefer to arrange a group visit to Hope and Sons at Andersons Bay Road, or at our Crematorium on Dukes Road North in Mosgiel.

Find out about the latest developments, the history of funeral directing and embalming, and the current trends. It is a chance to ask all those questions you have always wanted to ask, and have them answered.

We can offer friendly, informative advice; provide in-service education to other health-related professionals; be a guest speaker at a community group meeting; or speak to schools and tertiary groups.

SUGGESTED TOPICS

- Pre-Planning and Pre-Paid Funerals
- Your Options: Burial or Cremation
- Care of the Deceased and Embalming
- The Importance of a Funeral Service
- Death and Dying
- Grief and Loss

FURTHER INFORMATION
