ABOUT FUNERALS BOOKLET

Ask for one of our **About Funerals** booklets for knowing what to do when someone dies.

BEREAVEMENT SUPPORT SERVICE

The Bereavement Support Service extends the care we give to the families we serve. Some of our families may not need this additional service, others will need it and benefit from it.

Although very important, the funeral is only the first step we take in 'saying goodbye'. As you begin to work through your grief, the road ahead may seem long and lonely. Relatives and friends will be especially helpful at the time of death and at the funeral.

However as the weeks and months pass after the death they may not always be available to comfort you and to allow you to talk about the person you love and miss so much.
